Allowable Subject Matter

Claims 1-32 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Claim 1 recites a signal driving system comprises a first current mirror coupled to a second voltage supply, the second voltage supply having a higher voltage value than the first voltage supply, the first driver configured to push a signal through the first current mirror to an output node; a first protection device coupled between the first driver and the current mirror; a second protection device coupled between the current mirror and the output node; a second current mirror coupled to ground; a third protection device coupled between the output node and the second current mirror; and a second driver coupled to a third voltage supply and to the second current mirror, the second driver configured to pull a signal from the output node. The references of record do not teach or suggest the aforementioned limitations, nor would it be obvious to modify those references to include such limitations.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Danny Nguyen whose telephone number is (571)-272-2054. The examiner can normally be reached on Mon to Fri 8:00 AM to 4:30 PM.
